## TRACK TEAM COMPELLED TO USE PUBLIC HIGHWAY

It has been planned by the members of the Mishawaka high school track team to hold practice every night from now on. The team has been greatly handicapped for the past two weeks by the rainy weather. The track team is using Edgewater drive as a track for the purpose of practicing, as no field or playground is provided by the school board. Although there is some agitation against the boys using a public thoroughfare as a place to practice, they are compelled to do so. It was first planned to use the new north side baseball park by the track team, but as both the Mishawaka team and the Mishawaka Woolen Co. team utilize the park every afternoon for practice it is impossible to secure it for the High School Athletic association.

The track team will be entered in the northern Indiana state track meet, which will be held next Saturday at Laporte. The members of the local team are confident that some of the honors will go to Mishawaka.
